I am going to ask you to check that. I will tell you why. This may not be the case, but typically, when a document has the number 13 at the bottom, or any number at the bottom, that indicates page number. And if it's 13, it's a rational conclusion there are pages 1 through 12.

I am going to ask you to check and see if you have any of those other pages, if they exist.

I only received two pages, total, from Jersey at that time.

Did you file any papers with the court to effectuate this name change?

Yes. There is a series of procedures that you have to go through. And I just don't know how many pages I did in the beginning.

I know this was the final form that they sent to me in the mail.

Did you retain copies of the other papers you had to complete and send to the court?

No, I don't think so.

Q Let me ask you this. Let's see if we can get a finer time frame on it.

A Okay.

Q At some point, I don't want to get into privileged areas, but at some point you were asked to look for your tax returns; would that be right?

- your flights, but it would have cost money? In other words, the flights were available, it was just the cost of it that caused you not to change your flights; is that accurate?
- Well, even when I was -- like my first one way, I called American, and they said nothing was available. I could not believe it, that nothing was available. I was just going with the ticket that I already bought. I was sort of waiting closer to the day for this guy on the Internet to get back to me.
- But the leg between New York and Singapore, you could have taken that flight if you were willing to pay the extra fare?
 - I bought that through priceline.
- You could have changed it, but you would have had to buy a new ticket; is that right?
- Well, technically, it's not changing. Technically, it's like buying a whole other ticket.

My question is, you had determined, before you got on the plane to come to New York, you had determined you were not going to be able to change your flights, either coming to New York or leaving New York tomorrow? MR. UMOH: Objection as to

form.

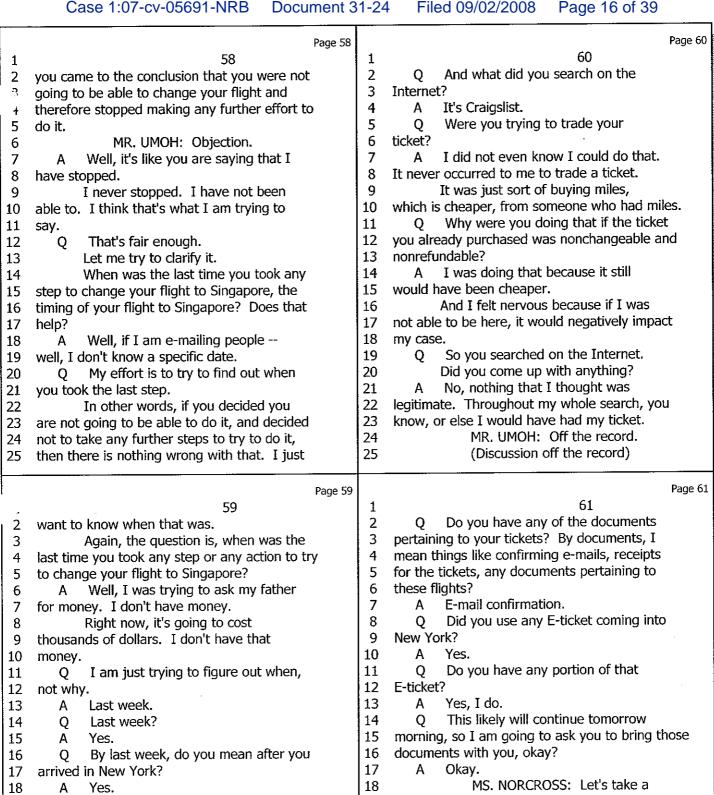

Q Is that correct?

Well, the way you're phrasing it, you are saying I was determined not to change my flight.

No, I am sorry. I am not trying to give that impression.

All I am trying to do is figure out when you stopped making any effort to change your flight. I just want to know when you took the last step to see whether you can change your fliahts.

- The last time I looked into it was definitely before I boarded the plane.
- On the 5th, Guam time; is that Q right?
 - I am sorry. What was the question?

Α Like what did it say?

What did it say, who was it to, what Q was the job number?

I don't remember the job number.

Usually Craigslist is anonymous when

you respond. But from what I recall, it was about

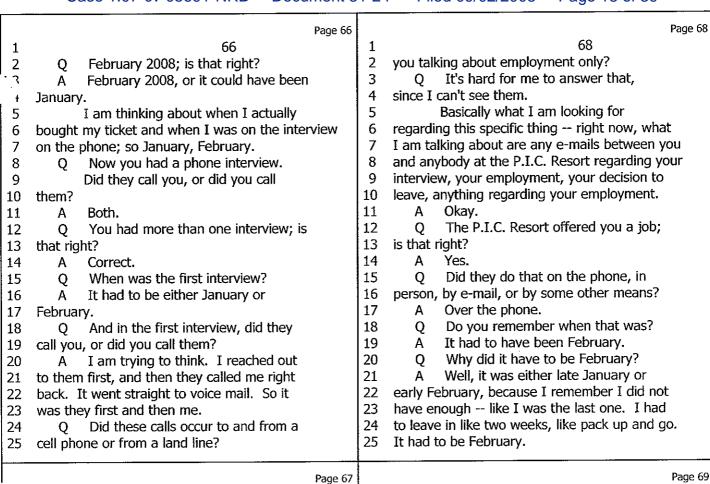

a new venture of a healing center, spa, looking for a certified massage therapist.

And when was that? 0

Even though I got hired in February, I had contacted them months before, but there were no positions.

And then, just following up again, I made contact with them, I believe it was

Q Please just answer my question.
My question was, by April 2008, you knew you had been accepted into that program in Singapore?

A Yes.

Q You applied for that program, we already established, sometime before April of 2008, correct?

A Yes.

Q Now you mentioned funding. What funding are you referring to?

A Tuition is very expensive. Sometimes how the interest rates go, you know, I did not know whether or not I would get a scholarship and have money for housing when I moved there. That was the whole thing. It was sort of like a money issue, would I be able to afford it.

What, if anything, were you told about working at the Trump facility before you took the position?

13 I know I was definitely told the 14 salary.

> Q Okay.

And that upon taking that position, I had to be on call at Goldman Sachs and Merrill Lynch and other sites.

Something about the hours, they said I could not hold a constant shift somewhere, some legality or something.

In essence, I can only be on call as a massage therapist in New Jersey.

You had a full-time position as a receptionist at Trump; is that right?

Α Those were like the main points, right there. And that I had to do the morning, opening up shift, that -- to fill in for Tom when he was not there, accept equipment, and so forth. Those were the major things.

What kind of facility is the Trump World Towers?

Small fitness center, a yoga room and a small pool.

How would you describe the facility itself, the building itself, not just the fitness facility?

It was quite stuffy, because it was in the basement. A lot of the equipment, the clients, the residents, would constantly complain the machines were not working.

The Trump World Towers is a residential building, correct?

I believe so. 24 Α

25 Q It's a residential facility,
